

MICRO BIRD® GM - MPV

Multi-Purpose Vehicle

Built to FMVSS 220 - Rollover Protection Standards which ensure sufficient means of emergency egress and greatly reduce the possibility of ejection in a violent crash.

3-point lap and shoulder seat belts are standard for enhanced safety and versatility.

Maximum visibility of loading zone is provided by fully-glassed entrance door and unobstructed "More-View" window. Standard 24" electric double-opening door.

LED clearance lights, direction lights, brake lights and back-up lights are standard equipment offering enhanced safety, while reducing operating and maintenance costs.

Patented Extra Wide Oval Body

- Aerodynamic styling
- Wider seating for increased comfort
- Wider aisle for increased safety
- Better compartmentalization

MICRO BIRD® GM MPV - SPECIFICATIONS

Galvanized Steel Structure and Side Impact Barriers

- Completely gasketed steel body frame ensures that all exterior elements, including dust, moisture and noise, remain outside the passenger compartment.
- Superior side impact protection is offered by the use of heavy-gauge steel side impact barriers that incorporate the seat rail into the design for extra strength.
- Built to FMVSS construction standards.

Superior Insulation

- 1.5" fiberglass throughout
- Insulated roof bows
- Prevents condensation
- Reduction in noise transfer into passenger compartment

Double Action Energy Absorbing Body Mounting Blocks

- Absorb road vibration
- Reduce noise transfer to the cabin interior
- Offer extended body durability
- Smoother passenger ride
- Prevent frame collapse
- Eliminate the need for periodic tightening of body bolts
